INTRODUCTION

A collaboration between the National Gallery Singapore (the Gallery) and Singapore Art Museum (SAM) in conjunction with the National Gallery, London, the Articulation Prize Singapore is designed to promote the appreciation and discussion of art among youths, regardless of background or experience, to develop their confidence and ability in expressing their opinions, thoughts and conclusions.

The benefits of participating in the Articulation Prize Singapore include but are not limited to: developing public speaking and presentation skills, research and writing skills, knowledge and confidence, critical analysis skills and original thought.

WHAT IS THE ARTICULATION PRIZE SINGAPORE?

The Articulation Prize Singapore invites students to deliver an illustrated presentation about a work of art, architecture or an artefact of their choice to an audience. Schools may select up to five students to submit their recorded presentations for participation in the Articulation Prize Singapore. Selected entries will represent their school for the Semi-finals or Grand Final hosted by the Gallery and SAM. Schools may choose to hold an internal school heat to make this selection.

Articulation Prize Singapore invites leading arts experts/practitioners to adjudicate the Semi-finals and Grand Final. At the Semi-finals and Grand Final stage, every student delivers their presentation to an audience and adjudicator. Emphasis is placed on research, presentation skills, original thought and evidence of each presenter's unique potential.
