

ACTIVITY

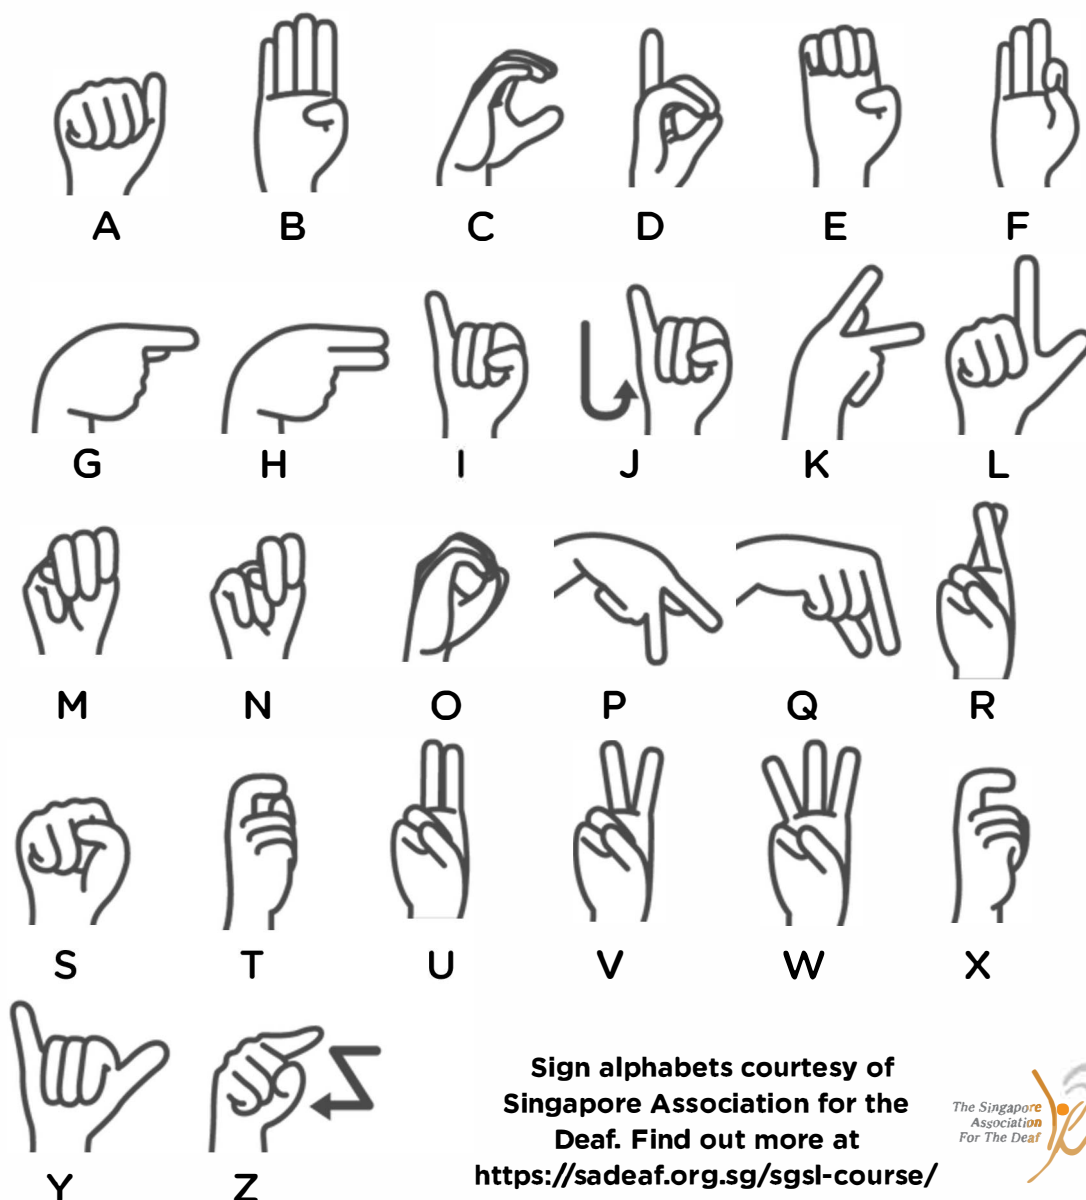

Sign Language

Suitable for children aged 9 and above

Singapore Sign Language, commonly referred to as SgSL, is used by the Deaf community in Singapore. It consists of signed words, as well as a signed alphabet (the one you see below) which is used to spell out words and is called fingerspelling.

Try fingerspelling these words: Love, Joy, Dream and Kind

Sign alphabets courtesy of
Singapore Association for the
Deaf. Find out more at
<https://sadeaf.org.sg/sgsl-course/>
